

Fire Door Installation

Brightlingsea Junior School

Essex County Council / Mitie

Customer:- Essex County Council/ Mitie
Contract Start:- July 2024
Contract Completion:- Sept 2024
Contract Value:- <£10,000

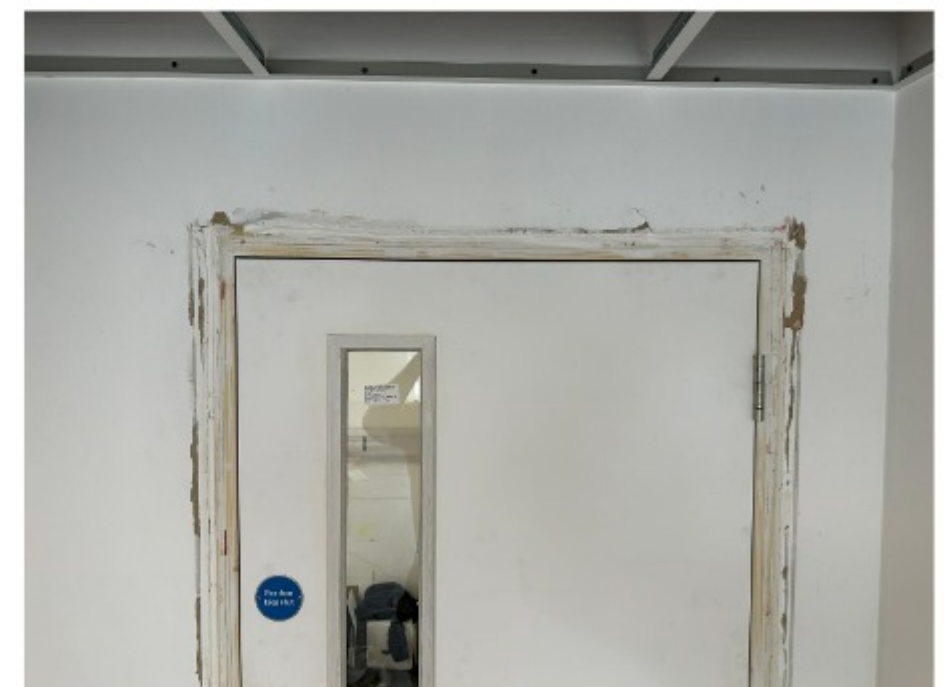

Fire Door Replacement

Project Overview: The project involved upgrading the existing fire compartments at Brightlingsea School to enhance fire safety.

Scope of Work: SDE was appointed to fire stop partitions which were non compliant and install new fire doors in line with the school's updated fire compartment strategy. The upgrade aimed to ensure compliance with fire safety regulations while maintaining the integrity of the building's design.

Design and Programme Management: The project timeline was critical, with all works scheduled to be completed during the 6-week summer holiday to avoid disruption to school operations. SDE successfully managed the programme, delivering all tasks within the set timeframe.
Fire Door Maintenance & Replacement | 70 Doors Maintained 19 Doors Replaced

Handover and Post-Completion: The project was completed on schedule and handed over with zero defects, ensuring a smooth transition back to the school. All fire safety upgrades met the required standards, providing enhanced protection for the school community.
